School Board.

In the statistical report you will find the number of schools we have maintained, the number of weeks in each term and the names of the teachers.

The amount of money that has been expended and what it has been expended for you will find in the financial statement.

I will just say that our schools the past year have been taught by very able and well qualified teachers and through them great progress has been made by the pupils. There is no fault to be found. Hoping such teachers may be secured in the future, I respectfully submit the above report.

GEORGE S. JUDD, Chairman School Board.

Easton, N. H., Feb. 14, 1900.
